2025 Q 02

As we close out Q2 2025, we're proud to share the exciting progress and strategic milestones we've achieved over the past few months. From gaining national recognition through SLAB accreditation to expanding global market access, we're continuing to position ourselves as a trusted certification and training partner in the region.

KMC RECEIVES SLAB ACCREDITATION

We are proud to announce that Knowledge Mag Certifications (KMC) has officially achieved accreditation from the Sri Lanka Accreditation Board (SLAB) for Food Safety Management Systems (FSMS).

This prestigious recognition validates our commitment to delivering certifications that are credible, internationally recognized, and aligned with rigorous food safety compliance frameworks. It further strengthens our ability to serve food industry clients with the highest level of assurance and integrity.

We thank our team, partners, and clients for making this milestone possible. It strengthens our ability to serve the food and beverage sector with trusted, high-standard certifications.

UQSR CERTIFICATIONS

Through our strategic collaboration with UQSR Global, KMC continues to offer a wide range of internationally accepted certifications tailored to the regulatory environments of Sri Lanka, Singapore and Australia and beyond that.

EMPOWERING GLOBAL TRADE: FDA REGISTRATION SUPPORT EXPANDED

In Q2, we expanded our FDA Food Facility Registration services to support Sri Lankan and Australian businesses entering the U.S. food market. Our streamlined process has already helped several exporters achieve compliance and unlock new global opportunities.

WHY FDA REGISTRATION MATTERS:

- Mandatory for food exporters to the USA
- Ensures compliance with U.S. Food Safety Modernization Act (FSMA)
- Increases buyer confidence and access to new markets

BECOME A CERTIFIED ISO/IEC 27001 LEAD AUDITOR

PECB (Professional Evaluation and Certification Board) is a globally accredited certification body headquartered in Canada with presence in 150+ countries.

ISO/IEC 27001 Lead Auditor course

The PECB ISO/IEC 27001 Lead Auditor course equips you to audit ISMS and ensure compliance with the ISO/IEC 27001:2022 standard.

Why ISO/IEC 27001 matters?

ISO/IEC 27001 is the international standard for Information Security Management Systems (ISMS).

It helps organizations:

- Identify, assess, and manage information security risks
- Comply with international regulations (e.g., GDPR, NIST, HIPAA)
- Strengthen client and stakeholder trust
- Protect sensitive data from cyber threats

WHO SHOULD ATTEND?

- **ISMS Compliance Professionals** – ensuring effective implementation and maintenance of ISO 27001 standards
- **Internal and External Auditors**
- **Managers and Consultants** – seeking to deepen their expertise in ISO 27001
- **Technical Experts** – preparing for upcoming audits or responsible for security controls
- **Information Security Advisors** – particularly within IT, banking, finance, and other regulated sectors
- **Cybersecurity Enthusiasts** – aiming to broaden their knowledge in information security and ISO frameworks
- **Anyone Interested** – in gaining a strong foundation in information security principles and ISO 27001 standards

Learn from the best trainers. Get certified globally. Lead with confidence.
